Tri-Service Open Architecture Technical Interchange Meeting and Expo (TSOA-ID 2022) Brings Industry Leaders and Innovators Together in March

Prominent Companies Join Representative Commands from Multiple Branches of the U.S. Armed Services to Demonstrate Latest Open Architecture Advancements for Interoperability, Cost Savings, Sustainment

Lexington Park, MD – December 8, 2021 Announced a little over a month ago, the highly-anticipated Tri-Service Open Architecture Interoperability Demonstration (TSOA-ID) TIM and Expo on March 15, 2022 has already completely sold out of exhibition spaces. Alongside Navy, Army and Air Force specialized OA teams, the leading companies listed below will provide technical demonstrations focused on Open Standards/Open Architecture, and the Modular Open Systems Approach (MOSA). New technologies and products to be shown support defense programs that deliver deployable solutions to the warfighter.

NAVAIR Avionics Architecture
Army PEO Aviation MOSA Transformation Office
Curtiss-Wright Defense Solutions, *Distinguished Host*
Precise Systems, *Special Patron*
The Boeing Company
Abaco Systems | AMETEK
Aegis Power Systems
Behlman Electronics
Concurrent Technologies
Crossfield Technology
Elma Electronic
Green Hills Software
LDRA Technology
Meritec
North Atlantic Industries
Pixus Technologies
Real-Time Innovations (RTI)
Sciens Innovations
Spectranetix (A Pacific Defense Co.)
SR Technologies
United Electronic Industries

Air Force Life Cycle Management
Army PEO IEW&S Integration Directorate
Mercury Systems, *Premier Sponsor*
L3Harris
Lockheed Martin
Adaptive
Annapolis Micro Systems
Collaborative Open Systems Architecture (COSA)
Craft Designs, Inc.
DDC-I, Inc.
ENSCO Avionics
Herrick Technology Labs
Leonardo DRS
Milpower Source
Orolia Defense & Security
Rapita Systems
REDCOM Laboratories
Skayl
SRC, Inc.
Tucson Embedded Systems

The TSOA-ID executive team is excited to have Mercury Systems as Premier Sponsor (www.mrcy.com); Curtiss-Wright Defense Solutions as Distinguished Host (www.curtisswrightds.com); and Precise Systems as Special Patron (www.goprecise.com).

To be held in Solomons, Maryland near the U.S. Naval Air Station at Patuxent River, TSOA-ID promises to provide valuable engagement opportunities for DoD and industry members in (and exploring) the OA community. The event is open to the public and complimentary to attend with a 2022 theme of: ‘*Open Standards – Bringing It All Together*’. TSOA-ID 2022 is for decision-authorities, experts and influencers in Government, Department of Defense, Industry, Academia, including Program Managers, Branch and Tech Chiefs, Acquisition Managers, Software and Hardware Engineers. Attendee registration is now open at www.tsoa-id.net for those involved/interested in the latest on Open Standards, Open Architecture, and open innovation.

About TSOA-ID

The Tri-Service Open Architecture Interoperability Demonstration is a one-day focused event that brings technical experts together in the Open Architecture/Open Standards/Modular Open Systems Approach market space. Influential Keynote speakers plus live product demonstrations from leading organizations and companies deliver a first-hand experience to witness advancements and solutions in the growing open market ecosystem. www.tsoa-id.net

About Precise Systems

Precise Systems is a professional services company working for the U.S. Navy, U.S. Marine Corps, and U.S. Air Force. Core competencies include Program Management, Advanced Engineering, International Program Support, Software Solutions, Integrated Logistics, Technical Services, Model-Based Systems Engineering, Training, Electronic Warfare, Information Technology, and Security. Founded in 1990, we deliver cutting-edge solutions and support to the warfighter. We understand and provide expert consultation on network and weapons systems acquisition programs, maintenance/modernization programs, and sustainment programs. www.goprecise.com
